Deer and duck hunting land for sale north of Natchez, MS. This area is known for producing giant whitetails, the surrounding crop land and great large landowners make this a second to none trophy hunting area. A combination of hills and bottoms gives you river affect deer, bottomland duck and deer hunting and great deer and turkey hunting in the hills. There are 8 food plots on the property and half of the property hunts much bigger being that it has some rolling hills throughout. The property also features flat wetland timber that will hold plenty of ducks in the winter. It also has a 40 acre field that is leveed off that would make another great location for duck hunting. The proposed campsite is on an old historic home location overlooking a beautiful field with giant pecan trees and breathtaking views of the surrounding crops.
