Southern States Realty

200 acres of prime acreage located west of I-55 in Northwestern Pike County with approx. 2600 feet of paved road frontage on two roads in the North Pike School District. This rural land for sale has endless possibilities and could be either a potential development property or would also make a great recreational hunting property and timber tract. The property consists of 120 acres of 6-year-old natural regenerated pine forest and 80 acres of mature pine timberland. It is located only minutes west of Summit MS and Interstate 55. The property is priced to sell and the owner would consider dividing it into a smaller tract.
