Southern States Realty

60 acres of hunting land for sale with 4 camper hookups, two camper sheds, a pavilion, a bathhouse, a storage pod, and a pond. This property is located in Southeastern Copiah County MS just NE of Wesson, MS and consists of beautiful mature pine and hardwood timber mix throughout. It has ATV trails all through the property, food plots with box stands, and gorgeous hardwood hollows. I inspected the property on Dec 4 and there were over 10 fresh buck scrapes in various locations. Perfect family getaway property or hunting camp. There are 20 acres on one side of the road with the campsites and 40 acres across the road. This is a turnkey recreational tract that is as pretty as they come. Call us today for a viewing of the property.

3030 Stegall Road, Wesson, MS
